

Dear Parents,

As your child's session comes to an end, we have watched the wonderful relationships that have formed between our campers and their staff.

Our Science teachers and assistants created a very exciting learning environment this summer which has sparked the interest and excitement of all our young scientists. They were able to develop new skills and learned how to find solutions to problems with their partner.

Any expression of thanks is greatly appreciated by our staff. Many parents have called to get guidance in giving gratuities at camp. We have offered suggested amounts but as always, the decision and/or amount to tip a staff member is completely up to you. Any expression of thanks is greatly appreciated by our staff.
